

LightPhone

Quick & Easy!

LightPhone setup is simple. Just plug the LightPhone Gateway into your Lighthouse LightWave or LightSpeed Internet and plug in a phone! It's that simple to get on LightPhone Digital Phone Service. We want to keep it simple for you. You can even plug in a wireless 5.8GHz or Dect phone system and talk almost anywhere in your home!

LightPhone is a great way to call friends, family or any other frequent call that adds up on your current phone bill. Why worry about how long you have been talking when you have the LightPhone Unlimited Plan? You can call and talk for hours without worry about the cost per minute or calling after 9PM. It's clean and clear, not like your cell phone noise or breakup. You can even call internationally at unbelievably low rates. LightPhone is as easy to use as any telephone. You can even connect a wireless phone to your LightPhone so you can talk without the restriction of a phone cord! LightPhone is easy!

Digital Phone SERVICE

Call anywhere* in the US,
Canada or Puerto Rico
with High-speed Internet!

Tired of outrageous phone bills?

Lighthouse has the solution! Many local areas have no choice for telephone companies or services. Lighthouse now offers an economical choice in phone service with full features and low flat rate prices. Our LightPhone Digital Phone Service allows you to use our High-Speed and Broadband Internet connections to make your telephone calls. It's simple and can save you hundreds, maybe thousands of dollars over your current phone costs. Imagine calling across the Continental US and to Canada and Puerto Rico for one low monthly cost! No changing monthly bills with added charges for calling. Plus you get *very low International Rates* to a huge list of other countries. If you call overseas you can save thousands of dollars over land line services. You also get an added bundle of free services with your LightPhone Digital Plan including Call Forwarding, Call Waiting, Three way Calling, Speed Dial, and many other convenience functions. LightPhone is a great way to save big money on your current phone bill. When you add up all the phone company charges for features, minutes, long distance and tax your phone bill can really impact your budget every month. With all the increasing prices today, Lighthouse is offering a cost savings to help those dollars go a little further. Our versatile LightPhone plans allow you to save on all the added costs of calling at a very low flat rate. **Get LightPhone & say goodbye to overpriced phone service!**

(LightPhone is designed and offered as a supplementary telephone service and we require that you maintain a primary service for 911 and E911 calling to insure your safety in the event of an outage.)
